Outline of DSS

DSS (Distributor Support Service) is a Web solution for E8PA cardholders to check their updated [8-Point Sales Report] and [6A Group Sales Report].

Before, Enagic distributors had to ask Enagic branch to issue their sales report, or they had to organize their sales record themselves.

We have created DSS, which enables E8PA members to check their updated [8-Point Sales Report] and [6A Group Sales Report] anytime.

You can customize your search results!
