## Outline of EPS

EPS (E-Point solution) is a Web solution for E8PA cardholders to check their updated E-Points status.

E8PA members had to ask Enagic branch to check their E-Points status.

We have just created EPS, which enables E8PA members to check their own [Current valid E-Points] and [E-Points Detail] (E-Points history) anytime.

You can check detail of E-Points history as below
